

Downton Quarry Jubilee Walk

The permissive footpath provides a circular route around the seven lakes on site. To access the walk we propose using the Milford side entrance in Shorefield Road, off Blackbush Road.

The walk takes approximately 45 minutes to an hour. The path is uneven underfoot so sturdy shoes are advisable.

Please read the site rules of use upon entry, this is private land.

Please stick to the path and DO NOT enter the working extraction site located alongside.
